

# RIVET TOOL and TORQ-ARM™ WORKSTATION KIT...A WINNING COMBINATION

- ✓ Highly versatile tool platform
- ✓ Tool easily connected
- ✓ One model number ordering
- ✓ Tool always within reach
- ✓ Increased productivity

Economy and ease of installation plus the versatility of a TORQ-ARM Workstation Kit add up to winning performance in blind rivet assembly applications. (You can find the kit in the WS catalog.) Be sure to order model with 2.0 - 5.0 pound capacity. Lobster brand attaches with no modifications to TORQ-ARM. Simply remove the U-joint manifold to install the POP brand.

\*Supplied by others.
