

360° SWIVEL BASE NOW HAS FLEXIBLE CONDUIT LEAD FOR REEL

An 18" flexible conduit is now included with models SB360-430, SB360-830 and SB360-455 swivel bases for the G14 and G16 electric cable reels. Lead wires, pre-connected to the slip rings in the base, are long enough for easy connection in the reel junction box. Best news of all...there is no price increase.
