

# BRIGHT NEW LIGHT

## FOUR FLUORESCENT LAMPS, PARABOLIC DIFFUSER, GREAT VALUE

This new workstation light is designed to give you greatest light on the work at minimal cost. Available in either 2' or 4' length, both models feature **four T8 fluorescent lamps** with polycarbonate safety tubes, electric starters, 10' grounded cords for easy plug-in, and parabolic louvers to direct light where you need it. Lights include mounting brackets for easy attachment to workstation rail. NOTE: Brackets do not provide for tilt or width adjustment.
