**SWING ARMS**

MAKE YOUR WORKPLACE USER FRIENDLY

Swing arms, with a variety of attachments, can be added to existing workstations or benches. Column mounts clamp on any WS50 or similar column or rail. Bench mount can be bolted to any level surface. Arms, elbows, and attachments slide together and can be adjusted to provide maximum worker efficiency...least worker strain. Black baked polyester finish (boards natural, beige or white as shown). Max capacity 30 lbs. (13.5 kg), arm alone or arm and elbow together. Use of three or more arms or elbows on one mount reduces capacity and is not recommended. Swing arms, elbows, and attachments include adjustable drag brakes. Installation hardware included with column mounts.

---

**COLUMN MOUNTS**

Fits WS-50 rail and other rails listed below.

**SWING ARMS**

- **WSSA-0014**
  10" SWING ARM
  10" o.c. arm with integral brake/leveling knob.
  (Also shown below.)

**BASES MOUNT TO COLUMNS MADE BY OTHERS**

The wrap-around design of the column mounts allows affixing to a variety of commonly used vertical support rails with dimensions similar to our WS50 rail. The rails listed below will accept these mounting bases.

Customize your workstations to fit the task and the worker. Attachments slide easily onto mounts or swing arms (previous page). Adjustable brake may be tightened to limit free movement. Frame available separately for holding your custom board. Components finished as shown below. All mounting hardware included. Complete kits, including arms, also available. See details below, right.

**Universal Mounting System**

Attachments slide easily onto swing arm or base posts. No tools required. Knob locks attachment in place following adjustment.
